## Tour Overview

The northernmost of the main islands, Hokkaido is Japan's last frontier. It is a natural wonderland of mountain ranges, deep caldera lakes, active volcanoes, numerous thermally-heated mineral springs and virgin forests. The attitudes of the inhabitants are akin to those of the pioneers of the American West, but still unmistakably Japanese.

### Destinations

## Tour Details

Although Hokkaido comprises about 20% of the total land area of Japan, it only accounts for 5% of the nation's population. Hokkaido is a natural wonderland of mountain ranges, deep caldera lakes, active volcanoes, numerous thermally-heated mineral springs and virgin forests.

You'll enjoy Sapporo, Hokkaido's largest city and host to the 1972 Winter Olympics, with its many fine restaurants and the secluded beauty of the Shiretoko National Park. You will have the

opportunity to explore the soaring mountain ranges of Souunkyo Gorge in the middle of the beautiful Daisetsuzan National Park; visit Noboribetsu Onsen, one of Japan's largest and most popular hot springs resorts; and walk along the rim of an active volcano at Lake Toya. Explore the morning market of Hakodate where you can try the local specialties of crab, sea urchin or squid, and learn about Hokkaido's original inhabitants, the Ainu, whose culture almost disappeared until recent efforts of restoration. You will also be able visit the Akan International Crane Center where research is being done to bring the cranes back from the brink of extinction.

## **Day 2 Tour Sapporo**

After breakfast, you will meet with the licensed, English-speaking guide who will have your baggage transfer forms, train tickets, and JR Hokkaido 4 Day Flex Pass vouchers. The guide will assist you with the exchange of your JR 4 Day Flex Pass, and transferring your main luggage to Abashiri. You will then tour Sapporo with the guide. There is no pre-defined itinerary, as the guide will adjust the itinerary based on your preferences and interests. You can visit the JR Sapporo Tower where you will be able to get a bird's eye view of Sapporo, the largest city on Hokkaido and the host of the 1972 Winter Olympics. You may want to tour the Hokkaido Historical Museum where you can discover the rich history of Hokkaido, including Hokkaido's original inhabitants, the Ainu. Here you can discover how the taming of the wilds of Hokkaido was very similar to the settling of the American West. You can choose to explore the Hokkaido Historical Village Open Air Museum where many buildings from around Hokkaido, both modern and traditional, have been relocated. Perhaps tour the original Sapporo Beer Brewery and sample the many freshly-brewed beers, or visit the Sapporo Botanical Garden, established in 1886 by Hokkaido University, and a wonderful place for a picnic lunch. In the garden you will find a small preserved virgin forest which shows how Sapporo once looked, as well as a small alpine garden and greenhouse. In the evening, you can have dinner at the Sapporo Beer Garden, located next to the original Sapporo Beer brewery where you can try the local specialty of grilled lamb, cooked yourself at the table. Breakfast at the hotel and lunch with the guide is included.

**Travel: 4 Hours**

## **Day 3 Travel to Abashiri; Tour Abashiri**

Today you will travel by express train to Abashiri. Pick up your rental car and travel to the hotel. After checking in and retrieving your main luggage, you can enjoy the baths before you have dinner. Breakfast at the hotel and dinner at the ryokan included.

**Travel: 5 1/2 Hours**

## **Day 4 Tour Abashiri; Travel to Genseikaen; Tour Genseikaen; Travel to Utoro Onsen**

Today is free to explore Abashiri on your own. We recommend starting the day by touring the Abashiri Prison Museum. Abashiri Prison was initially constructed in the late 19th century, but the prison gained national fame through yakuza movies in the 1960's, and became known as the Alcatraz of Japan. The museum illustrates the daily life of prisoners and has more than a dozen buildings and structures from the old prison. You can also visit the Hokkaido Museum of Northern Peoples where you will get your first exposure to the Ainu culture, as well as other similar cultures of the northern hemisphere. If you are traveling in the wintertime you can also visit the Ryuhyo Drift Ice Museum. Every winter ice flows from Russia collide with northeastern Hokkaido. This museum documents science behind the ice flows and also introduces some of the animal life living

below the ice. After spending time in Abashiri, you will travel to Shiretoko, stopping at Genseikaen on your way. The Genseikaen natural flower garden with its carpet of colorful flowers is located in the sand hills facing the Sea of Okhotsk, and is part of the Abashiri National Park. Here you will be able to stroll among the sand hills and flowers, and even along the beach. To finish the day, you will continue your drive to Utoro Onsen, the gateway to Shiretoko National Park, where you will be staying for the next two nights. Breakfast and dinner at the ryokans included.

**Travel: 2 Hours**

## **Day 5 Tour Shiretoko National Park**

Today is free to explore the remote and beautiful Shiretoko National Park. Shiretoko is an ancient Ainu word meaning “edge of the world”. Here you can board a sightseeing boat for a scenic cruise along the coast of the Shiretoko peninsula where you will see the 300-foot rocky cliffs bordering the ocean with cascading waterfalls, and a snowy mountain range as a backdrop. You can also go to the national park for some excellent short hikes with scenic beauty and abundant wildlife including deer, bear, and foxes. Breakfast and dinner at the ryokans included.

**Travel: TBD**

## **Day 6 Travel to Lake Akan**

Today you will travel to Akan-ko (Lake Akan). Along the way you can stop at Bihoro Pass where you can get a bird’s eye view of a large caldera lake (weather permitting, of course). You can also stop at Lake Kussharo, where you can dig down into the sandy beach to find thermally-heated sand, or just relax in one of the hot, mineral water foot baths. After that, you can visit Izan with its many sulfur vents coated yellow from the years of exposure to the steam. You can also stop at Lake Masshu, considered by many to be one of Japan’s most beautiful lakes because of its clear, deep-blue water. After arriving at Akan-ko and checking in, you can attend an authentic Ainu Dance Demonstration at the Ainu Village. Breakfast and dinner at the ryokans included.

**Travel: 4 Hours**

## **Day 7 Tour Lake Akan**

Today is free to enjoy scenic Akan-ko. You can take a sightseeing boat cruise around Akan-ko where you will stop to see Marimo, the unique globe-shaped algae that only grows in Akan-ko. We also suggest visiting the Ainu Village with its many souvenir shops and restaurants selling authentic Ainu cuisine. You can also visit the nearby Akan International Crane Center. Cranes are thought to live a thousand years, so they hold a special place in Japanese culture. It was once thought that the cranes were extinct, however a handful were found about 60 years ago, and locals have made great efforts to bring them back from the brink of extinction. Breakfast and dinner at the ryokans included.

**Travel: N/A**

## **Day 8 Travel to Sounkyo Onsen; Tour Sounkyo Onsen**

Today you will travel to Sounkyo Onsen. Sounkyo Onsen is located in a scenic narrow gorge that is flanked by 100-meter high forested cliffs. Before arriving in Sounkyo Onsen, you can first stop at Ginga no Taki and Ryusei no Taki waterfalls, cascading down the cliffs. After arriving at Sounkyo Onsen, we suggest taking the gondola and chairlift to the top where, weather permitting, you will get an excellent view of Kurodake (the volcano) and the surrounding mountain peaks and ranges. Breakfast and dinner at the ryokans included.

**Travel: 2 1/2 Hours**

## **Day 9 Travel to Furano; Tour Farm Tomita; Travel to Nobboribetsu Onsen**

In the morning you will travel to the Furano District of Hokkaido where you can visit Farm Tomita. Here you will be able to enjoy the vast flower fields and lavender gardens, and try specialty sweets like lavender ice cream. After touring the Furano District you will drive to Noboribetsu Onsen where you will drop off the rental car. Breakfast at the ryokan included.

**Travel: 5 Hours**

## **Day 10 Noboribetsu Onsen**

Today is free to explore the Noboribetsu Onsen area. You can enjoy the many hot springs, or walk around Jigokudani (Hell Valley) where you will find many steam vents and thermally heated pools and small geysers. Breakfast at the ryokan included.

**Travel: N/A**

## **Day 11 Travel to Lake Toya; Tour Lake Toya**

Before leaving Noboribetsu you will prepare your luggage to transfer to Tokyo and will travel with an overnight bag only. You will travel by express train and bus to Lake Toya, one of the largest and deepest volcanic caldera lakes in Japan. After checking in to the ryokan, we recommend visiting Usu-zan and Showa-shin-zan, both active volcanoes located at Lake Toya. You can take a cable car to the top of Usu-zan which last erupted in 2000. Here you can walk around the rim of the volcano through the barren, moon-like landscape. Afterwards, we recommend exploring Showa-shin-zan. In 1944, a surprised wheat farmer found Showa-shin-zan growing out of his field instead of wheat, and it has been growing larger ever since then. You may also want to visit the nearby Lake Toya Volcanic Museum. Amazingly, when Usu-zan last erupted in 2000, no one was killed. But there was a lot of damage from the eruption, and much of it is preserved at the museum and illustrates the sheer power of geothermal activity, and documents the volcano's turbulent history. Breakfast and dinner at the ryokans included.

**Travel: 1 1/2 Hours**

## **Day 12 Travel to Hakodate; Tour Hakodate**

After breakfast, you will travel by bus and express train to Hakodate. Hakodate was one of the first cities in Japan open to foreigners after the Meiji Restoration. After arriving in Hakodate, we recommend visiting the Goryo-Kaku, Japan's first western-style fort. Built in 1864 by the Tokugawa Shogunate in the shape of a five-pointed star, it was designed to trap attackers in a deadly crossfire. You can also climb to the top of the Goryo-kaku tower next door to the fort, providing a view of the fort and the surrounding city. You can also visit the Moto-machi historic area. Overlooking the western bay at the foot of Mount Hakodate, there are numerous sloping streets lined with 19th century churches, consulates, shops and homes of the foreigners who first opened this area of Japan to commerce. In the evening, we recommend taking a cable car to the top of Mt. Hakodate where you can enjoy a panoramic view of Hakodate's night lights. Breakfast at the ryokan included.

**Travel: 2 1/2 Hours**

## **Day 13 Tour Hakodate; Travel to Tokyo**

In the morning you can visit the Hakodate Morning Market, where the sellers can prepare the specialties of Hakodate (crab, sea urchin and squid) fresh from their stalls for breakfast. In the afternoon you will board the new Hokkaido Shinkansen to return to Tokyo. You will retrieve your main luggage from the hotel in the evening. Breakfast at the hotel included.

**Travel: 5 1/2 Hours**

## **Day 14 Return Home**
